MEMORANDUM FOR THE RECORD

25X1A SUBJECT: [redacted]

25X1A

1. On 21 November 1958, a phone call was received from Lt [redacted], relating the progress of [redacted] 25X1A test program. The anticipated flight of the F-3H against our vehicle to complete the Phase II portion of the test program was not accomplished during the week. On Tuesday the F-3H was out of commission and on Wednesday and Thursday the F-3H radar was not ready for flight. It was not expected that the radar set would be in acceptable condition for a flight Friday, hence no flight was scheduled. 25X1A

2. Although no flight test was possible to verify the data obtained on the previous Wednesday, [redacted] will be in Washington on 24 November for a program briefing on results to date and plans for 25X1A future development of the [redacted]
